## THE ESSENCE OF LEADERS

### Chairman Message

Hearty congratulations for having chosen Rainbow School Chikkabanavara for making dreams a reality. With the changing paradigms of education which holds no space for rote learning and passive listening RIS Chikkabanavara continues to provide its students with opportunities and situations that facilitate them to exhibit their hidden potential to the fullest. I strongly believe that today's generation has an unquenchable thirst to seek knowledge that cannot be satiated by traditional methods of teaching. RIS Chikkabanavara with its advanced infrastructure and majesty of global standards and an array of opportunities to tap on individual talent is all set to edify the younger learners keeping in view the growth of an individual. At the outset of their session, I would request all parents to gift their children with their "time" that by far remains the best present and to sensitize the parents not to burden the children in their own patronizing ambitions and longings. Children in all, honestly want supportive hands that can assist them to identify their own talent and groom them to be what they wish to be. For this purpose we request you to partner with us and join hands to provide our children with effective tools of learning that help them to make their own identity rather than be predecessors of geniuses.
